

**Science 9**

**Name:** \_\_\_\_\_

**CONSTANT SPEED**

**Air Disk Data collection**

Directions:

- 1) **Collect the necessary data as a class/group.**
- 2) Fill in the table with the appropriate information and do the required calculations.
- 3) Complete graph of "D vs. T" as a class.

Distance (m)	Time (s)	Speed (m/s)
0		
2		
4		
6		
8		
10		

Show one speed calculation here:
